## Answering the Big Questions

Remember our “big questions”?

1. Which features help your animal survive?

---

---

---

---

2. Which feature do you think is the most important to your animal? Why?

---

---

---

---

---

---

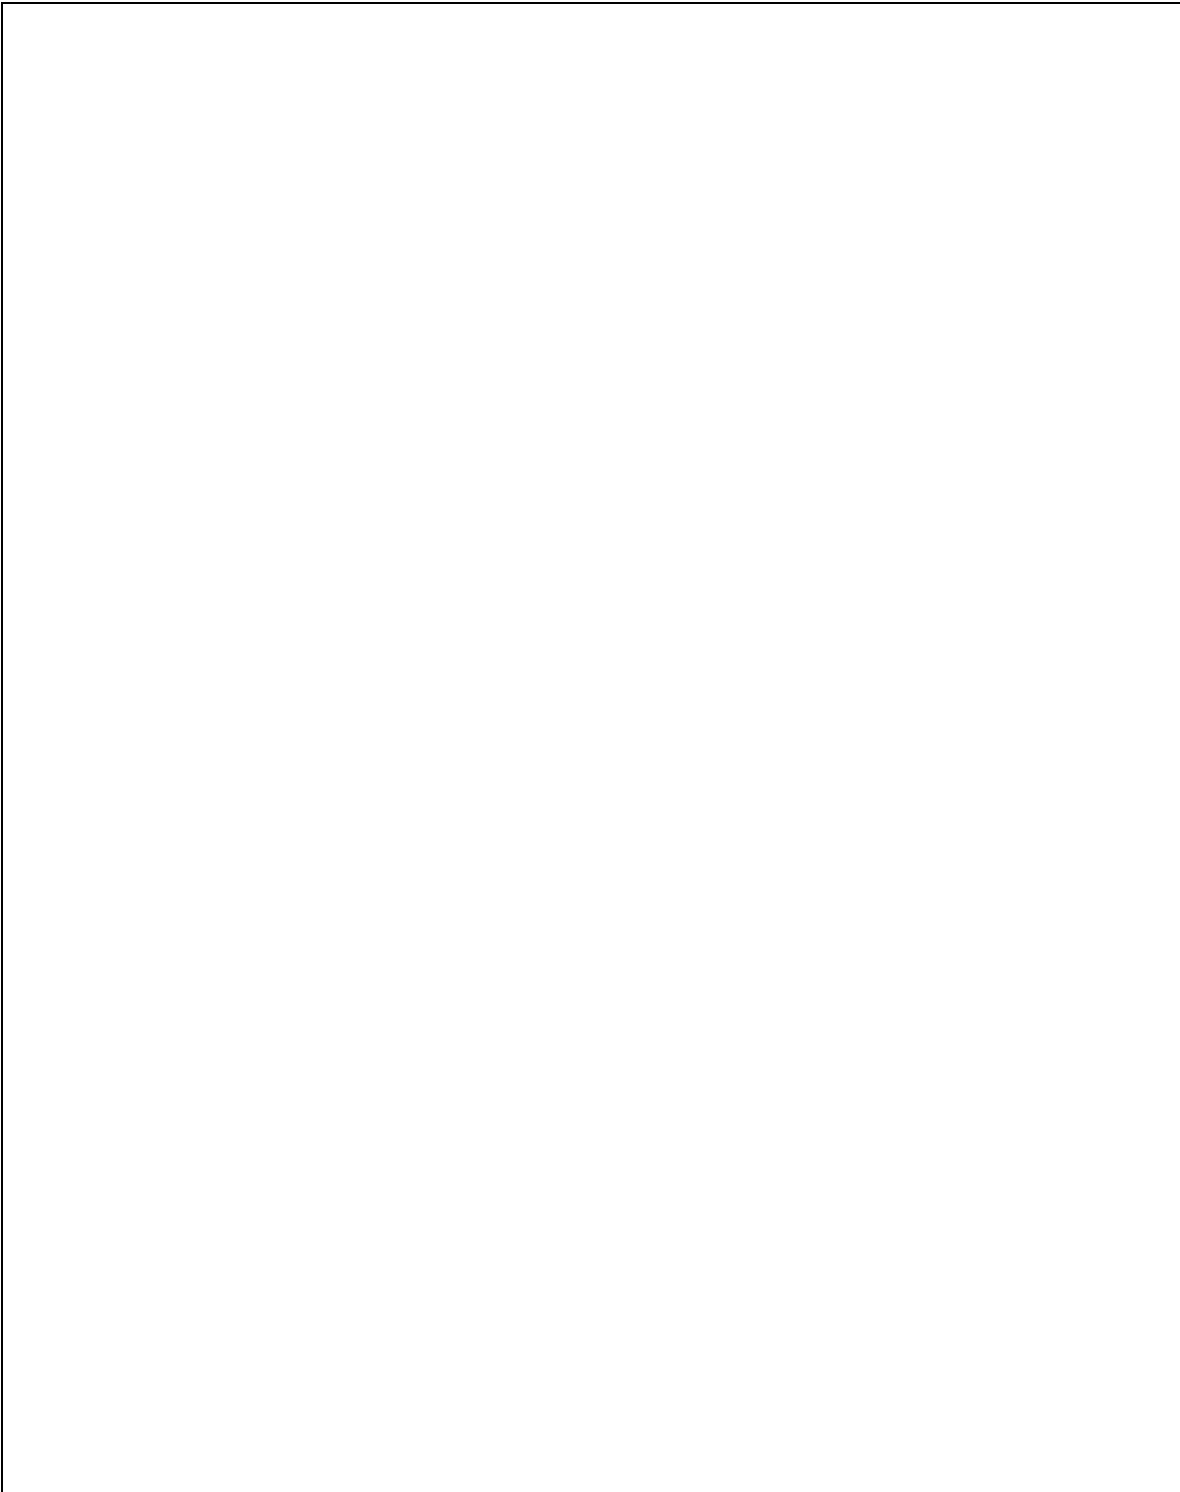

---

---

---

---

3. Imagine your animal did not have its most important feature. Draw a picture of what it would look like or what would happen to it.

On the back, write about what is happening in the picture.
