

Reflection

Directions: Use these questions to think about the global warming unit. Write your answers in your journal.

1. What was your favorite part of the global warming unit?
2. What was your least favorite part?
3. Name one thing you learned that surprised you.
4. Name one thing you learned that was just what you expected.
5. Should your letter influence the President? Why or why not?
6. Did you enjoy working with your group? Why or why not?
7. Did you learn any new skills that will be helpful to you later? Which ones?
8. What grade do you think you deserve and why?
