Reflection Questionnaire

Please answer these questions thoughtfully. There are no right or wrong answers, but it will be graded on completion and how much effort you put into your answers. Use the back of the paper, if needed.

1. What did you like best about the WebQuest project? Why?

2. What did you like least or have trouble with? What would have made it better?

3. How well did your group work together? Give an example.

4. What did you learn or experience that you will still remember in a couple of years? Why do you think you will remember that particular thing?
